# FV 13.1+ HEPA

Fimap FV13.1+ HEPA is a 13-litre professional vacuum cleaner with a range of accessories guaranteeing practicality and excellent results. The telescopic tube allows the height to be adjusted to avoid any strain on the user's back. An indicator light shows when the bag is full and needs to be changed. It is fitted as standard with a HEPA cartridge filter for excellent filtering of fine dust.

It is suitable for cleaning contractors and large-scale tenders, and for use in restaurants, industrial kitchens, hotels, cinemas and shops.

With the built-in accessory holder, the standard set of nozzles is always at hand for every type of cleaning requirement during a single job.

The 15-metre cable ensures a wide area of movement and is easy to detach for replacement.
